Subject: meeting for MSP

Hello,

I just wanted to voice my concern for the upcoming meeting on Sept. 13, 2001 about MSP and what is going on.

I am concerned about the inmates not being able to wear winter gloves & hats this year, I know in the past at times they have only been able to wear those cheap little brown gloves that do nothing to prevent their hands from freezing and I would really like to see that change for them to to get some heavier gloves and hats to wear and to also be able to wear them all the time not just some times while they are out and about walking to and from their location. And also to be able to wear layered clothing in the winter.

Next their wages , some of them have been reduced hours or lower their pay and then the prices of canteen has gone up making it much harder for them to purchase items at a decent price. I would like to see the prices of canteen go down for the inmates.

Also they purchase items from Canteen like CD's and then they are told they can't have it and have to send them home only to have to purchase the item off of canteen , doesn't make any sense.

please consider my request to see that these things change for the inmates to make it better for them.

thank you,

Brenda Clark
